# EMBARRASS TOWN BOARD NEWS

## Town of Embarrass

### Regular Meeting - October 7 (&21), 2015

*-Pending Approval-*

Present: Gene Wright, Zane Beaton, Diane Nelmark, Roberta Pike

Visitors: James Orcutt, Roland Fowler, Diane Kehus, Chris Kehus, Dominic Brownlee, Jennifer Coyle, John Harju, Barb Harju, Paul Knuti, Carol Knuti, James Nelmark, R'Milla Meyer, Michelle Fowler

Meeting was called to order at 6:00 p.m. by Gene Wright with the Pledge of Allegiance.

*Motion by Zane, Second by Gene to approve minutes of September 2, 2015 meeting. Carried.*

*Motion by Zane, Second by Gene to approve September 2015 Treasurer's Report. Carried.*

### **Old Business:**

At 6:05 p.m. Gene turned the meeting over to Zane to moderate since Gene is a member of the Prospectors Trail Alliance.

Prospectors ATV Trail Discussion. The trail is part of a 253 mile trail that connects Embarrass to Tower, Soudan, Babbitt, Ely and Lake County. The route that is in question is the proposed route that would connect Embarrass to the main part of the Prospectors Trail. (Embarrass Old School Parking Lot, crossing Hwy 21, following Hanka Nevala Rd to Hwy 26, then taking the ditch of 26 & County Hwy 21 to Hayland Rd and out to the trail.) The trail group would like to put signs on the road indicating where the trail is to make the route safer and provide insurance coverage for this portion of the trail. Concerns of citizens included noise, dust, sharp 90 degree corners being dangerous to riders. Some residents along trail route didn't feel they were given proper notice of the proposed route, questions on liability if someone drives off the trail onto private property, concerns of dog walkers if ATV's are present,

several near accidents recently between ATV's and other vehicles and vandalism/theft. Some citizens were in favor of the route as Embarrass residents/visitors don't currently have access to an ATV trail without trailering their ATV. Nick Wognam spoke on behalf of the trail group trying to alleviate concerns and explain the types of things the trail group may be able to do to minimize some of the issues (i.e. dust, blind-corners). Some questioned whether another route would be less disruptive to local property owners. *Motion by Gene to allow the Hanka-Nevala Rd to be signed and insured by the Prospectors Alliance Trail Group. Motion failed for lack of second as Zane would like to wait until all supervisors are present to vote on the issue.* Following discussion, it was decided to recess the meeting (following remainder of regular agenda business) until Wednesday, October 21, 2015 @ 6:00 p.m. when all supervisors could be present to vote on signing and insuring the trail route.

There was a brief discussion of the Mesabi Trail route decision that was approved at the September 2, 2015 meeting. A decision has not yet been made on where the trailhead in Embarrass will be as that will be determined after the entire route through Embarrass is decided (including how the trail will be connected to the campground).

Fireworks ordinance for Embarrass Township was tabled for a future meeting.

Clerk updated the board on the Iron Range Attractions Council Meeting she attended on September 9. Benefits to the township for continuing to attend these meetings would be to keep Heritage Homestead Tours on the radar of other organizations in the Iron Range Tourism Bureau area. Group advertising is already in place and tours are mentioned. There may be opportunities in the future to include our tours as part of some group tours along with other attractions like the Soudan Mine, Museum of Mining, local historical societies, Hibbing School, etc. *Motion by Zane, Second*

*by Gene to have Diane continue attending Iron Range Attractions Council meetings. Carried 2-0.*

The board thanked Jim Nelmark for the work done on the Little League Fence project. Thank you cards were also sent to those who volunteered their time or equipment to complete the job.

***New Business:***

Request to have a quilting class at the town hall. Board will discuss rental fee when exact dates are decided.

The new Embarrass website is up and running. There are still a few changes and additions to be made as time goes on.

Clerk is waiting for an exact quote from Lake Connections on the cost to the township for Fiber Optic phone/internet service. Board will discuss when the estimate is received.

***Reports:***

**Maintenance:** Mowing, fixed damage at Pyhala homestead, fixed and cleaned gutters on town hall, swept the bike trail, new flag pole at cemetery, cleaned maintenance building and gas stove heater, closed up campground, painted benches at ball field, installed cellular booster at town hall, split wood and brought to rink, removed mower deck on Cub Cadet so it can be replaced, made appt. to have new tires put on the trailer wheels. Paul questioned if work was planned at the Pyhala Homestead – the board is still trying to find contractors who work on historical buildings like this.

**Roads:** All roads were graded on September 17.

**Campground:** Cindy Koivisto may be interested in returning to the campground in 2016. *Motion by Gene, Second by Zane to contact Cindy to let her know we'd be interested in having her return for the season. Carried 2-0.*

**Sisu:** Painting of the Nelmark Garage should be completed by Sisu volunteers by September 27. The township has been asked to re-assess the paint situation at the Nelmark House. The property inspection report has stated that touchup paint is needed, but some feel that the entire house should be repainted. The board will take a look to see what is needed and discuss for 2016. The railing at the Nelmark House needs to be replaced (will be added to the maintenance to-do list). Request to stain and seal the railing instead of paint it.

***Consent Agenda:*** Correspondence: At its September 1 meeting, the Fire Department decided to purchase a

new fire truck from Eveleth and discussed raising contract rates by 3% for 2017 (previous discussions had indicated rates could increase by 5%, so the town board will take this into consideration when assigning the 2017 levy). Sam's Club memberships will be renewed with fees being paid by the employees who have memberships.

*Motion by Gene, Second by Zane to approve Claims & Payroll (signed & filed). Carried 2-0.*

**Meeting recessed at 9:00 p.m. (to be reconvened 10/21/15 @ 6:00 p.m.)**

**Meeting reconvened at 6:00 p.m. on October 21, 2015 by Gene Wright.**

Present: Gene Wright, Phil Hebl, Zane Beaton, Diane Nelmark, Roberta Pike

Visitors: Ron Potter, Gary Skogman, Doug Nelson, Paul Knuti, Tom Jacobsen, Barb Harju, John Harju, Chris Kehus, Mickey White, Michelle Fowler, R'Milla Meyer, Dan Meyer, Jen Coyle, Dominic Brownlee, Ken Overton, Bonnie Theel

Everyone was presented with copies of the two petitions that have been received by the board as well as written comments received from a land owner. After a brief explanation of the concerns discussed on October 7, Gene turned the meeting over to Vice Chair Phil Hebl stating he would abstain from voting due to his membership with the Prospectors Alliance Trail Group. As Phil was not in attendance on October 7, he asked a few questions about insurance (\$1M provided by trail group), placing chloride on the road for dust control (trail group will discuss) and speed limits (township can post if necessary). Other questions that arose were about signage (the DNR sign policy will be followed, examples were given) and other route options (i.e. east side of Hwy 21, but it was explained this is mostly wetlands and not feasible, and the road shoulder isn't workable because it's paved). It was mentioned that roads which have trails on them, have signs to notify ATV drivers that the trail is "shared with highway licensed vehicles". ATV's must follow the same rules (i.e. driving on the right side of the road) as highway vehicles. Road maintenance was discussed and the board indicated they may have to spend more time and money on the road to keep the road in good shape. Designated trails can be patrolled by DNR Conservation Officers. There was a suggestion to try it out for a year and see if any issues arise from increased usage of the road by ATV's. *Motion by Phil, Second by Zane to approve using Hanka Nevala Road as part*

of the spur route (connection) to the Prospectors Trail for a trail period of 1 year, to be revisited in the fall of 2016. Carried 2-0 (Gene abstained). Hanka Nevala property owners requested letters be sent to them when the item will be on the agenda. Letters will be sent to those persons and anyone who signed the petitions in 2015. Motion by Phil, Second by Zane to have the Prospectors Alliance Trail Group provide signage and insurance and look into placing chloride on portions of the road for dust control. Carried 2-0 (Gene abstained). The board did indicate that the road needs to be brushed whether a trail is there or not. Ron Potter asked if it would be ok to sign the road in the Spring of 2016 because the Trail closes on November 1 (All ATV Grant-in-Aid trails must close on or before November 1) – the board agreed to let them wait until Spring.

Gene returned as Chair at 6:57 p.m. to resume the meeting.

An estimate was received from Aurora Electric for several small projects that need to be completed at the Town Hall, Information Center and Campground. Three other electricians had been contacted as well, but never returned phone calls. Motion by Gene, Second by Zane to accept Aurora Electric's quote to install 2 new outlets at the town hall, work on 2 fluorescent lights at hall, install LED lights at Hall, Information Center and Campground and replace one heater in the shower house. Carried 3-0.

Meeting was adjourned at 7:00 p.m.

Respectfully submitted, Diane Nelmark, Town Clerk

### NRCS Announces Early EQIP Signup for FY 2016 Funding

Contact: [Julie MacSwain Public Affairs Specialist](#) 651-602-7859

*Apply by November 20, 2015*

**SAINT PAUL, MINN, Oct. 9, 2015** – Agricultural producers looking to solve natural resource problems on their farms will want to plan ahead and sign-up early for United States Department of Agriculture (USDA) funding. Cathee Pullman, USDA-Natural Resources Conservation Service (NRCS) State Conservationist in [Minnesota](#), announced that farmers interested in the Environmental Quality Incentives Program (EQIP) need to apply by November 20, 2015, for funding in 2016.

EQIP is a voluntary program that provides financial and technical assistance to agricultural producers. These contracts provide financial assistance to help plan and implement conservation practices that address natural resource concerns and for opportunities to improve soil, water, plant, animal, air, and related resources on agricultural land and non-industrial private forestland.

"EQIP is just one tool for landowners who want to apply conservation practices on the ground," said Pullman. "By working with the [local NRCS offices](#), you can apply for NRCS programs which work best for your land."

Applications for EQIP are accepted on a continuous basis, however, NRCS establishes application acceptance or submission deadline dates for evaluation and ranking of eligible applications. Contracts will be awarded to producers' with the highest rankings until funds are exhausted.

To learn more about EQIP, contact the Virginia Field Office 218-741-3937 extension 3, the Grand Rapids Field Office 218-326-6595, or visit the [MN NRCS website](#).

**AGAIN, THANK YOU TO EMBARRASS FAIR RIDERS,  
SPECTATORS AND ALL WHO VOLUNTEER!**

**FINALITY**

*And now it's time  
To concentrate  
And think of how  
To seal our fate,*

*That has nothing  
At all to do,  
With what some call  
A heaven's view,*

*Which obvious  
Is overblown,  
Hardly a jot  
Worthy to hone.*

*And I must say,  
In that regard,  
Such thoughts do have  
Little reward,*

*Neither to those  
Who sleep so sound,  
Or to the ones  
Still above ground.*

**MISJUDGMENT**

*Quite shamelessly  
I'd not believed,  
That death was near,  
Though many grieved*

*That nascent death  
Started to show,  
And dwindling life  
Was sure to go,*

*For it did seem  
It was late,  
And our old friend  
Would meet his fate,*

*When all at once,  
His gaining breath,  
Showed us he was  
Resisting death,*

*For suddenly,  
In one fell swoop,  
Someone was sure,  
They heard him poop.*

*But surely the  
Most joyful sign,  
Was when he grabbed  
A glass of wine.*
